CONVICTS MAY HAVE SET SING SING PRISON AFIRE

Blaze Gives Mutineers Another Chance for Riotous Demonstration.

OSWING, N. Y., July 24.—Another fire at Sing Sing prison today gave the mutinous convicts a chance for more riotous demonstrations. The blaze started in the clothing shop, and the prison fire brigade extinguished it after a hard fight, without outside aid.
It was the second fire in the prison building this week, notwithstanding the fact that the guards had been doubled since \$150,000 worth of property was burned up there two days ago. Although it is generally believed that the fires were started by convicts, the warden has been unable to place the blame.

Prisoners Create Din.

When the fire broke out today in the clothing shop the whistles were blown and every precaution was taken to guard against the escape of convicts. While the guards and the "trusties" were attacking the flames more than a thousand prisoners locked in their cells raised a chorus of "Jail-bait" and "High over the noise of the alarm. The men at work in the building were marched out in good order, and the blaze was extinguished.

Warden Clancy attributes the recent disturbances among the convicts to an order for the transfer of some of them to the state prison at Auburn. Most of the prisoners at Sing Sing come from New York city, and object to being sent up-state, where their friends will find it difficult to visit them.

Action on Excise Board

Senate Committee Expected to Pass Finally on Nominations Tomorrow.

For the purpose of passing upon the nominations of Frank B. Lord, Gen. R. G. Smith and Joseph C. Sheehy as members of the new excise board of the District, a meeting of the Senate District committee has been called for tomorrow morning at 10 o'clock.

It is expected that the committee will take final action upon these nominations at that time. All the evidence for and against Mr. Lord has been filed with the committee and with the President, and should the President see fit to withdraw Mr. Lord's name, of course, the committee will not pass upon it. He is opposed by the Anti-Saloon League and other temperance forces in the District.

So far no charges against Gen. Smith or Mr. Sheehy have been filed with the committee, though it is understood that several protests have been made to individual members of the committee in regard to Gen. Smith. It is expected that they will confirm the nomination of Senator Smith, chairman of the District committee, who is also chairman of the subcommittee which has been authorized to take up for consideration all the measures introduced in the Senate looking to the elimination of the saloon from Washington, is expected to call his subcommittee together at an early date, and outline a course of action. Hearings probably will be given.

ALONG THE RIVER FRONT.

Revenue power launch Tarragan, which has been hauled out at Dean's railway, Alexandria, to have a new engine installed, has been launched, and is now at Gregory's boathouse, foot of 6th and N streets southwest. It will be in service again in a few days.

Schooner Mildred of the L. A. Clark & Son's fleet has gone to Alexandria to haul out at the Alexandria marine railway to calk and paint with copper on her bottom.

Matthew Kersey, who was taken ill last week while on the tug Rosalie, is much better, and has left for a three-week visit to his old home, in Chester, Pa.

Engineer Morris Hugh of the tug Ensign Dalman has resigned. Ensign Budd Davis has been appointed in his place.

Steamer Angler of the Washington Park route has gone to Baltimore on 15-day charter to run colored excursions there.

HOODOO AND UNHAPPINESS.

Thirteen Dollars and Broken Mirror Figure in Divorce Petition.

The hoodoo 13 and a broken mirror both figure in a story of domestic infelicity told to the United States District court today in a petition for a legal separation filed by Laura G. Peake against James P. Peake. Mrs. Peake says she put aside \$13 for future use a short time ago and the husband, discovering the money, spent it all on intoxicants. During a disagreement July 4, the wife avers, her husband threatened to kill her, threw a battery at her, which, missing the mark, crashed through a mirror, splintering it. July 18, Mrs. Peake says, he hit her with his fist and "grabbing a pair of scissors he would put her eyes out with them."

The Peakes were married November 25, 1907, and have six children, ranging in age from fifteen to five years. Because of the alleged abuse and cruelty the wife demands a divorce and three days ago left her home. Alimony is asked out of the weekly wage of \$15 made by the husband.

Attorney Andrew Wilson appears for the wife.

Her Father—"Young man, are your intentions serious?"
Ferd—"N-no, sir."
Her Father—"Well, I'm sorry—I admire a young chap with so much common sense!"
